Chapter 16.180
Conditional Use Permit

16.180.000 Purpose and Scope

The purpose of a conditional use is to provide for those uses which possess unique and special characteristics making impractical their inclusion as outright permitted uses in the underlying zoning district. Such uses shall not be incompatible with the type of uses permitted in surrounding areas. Location and operation of designated conditional uses shall be subject to review and authorized only by issuance of a conditional use permit.

16.180.005 Application and Fee

A pre-application conference pursuant to the Application Review section of this chapter is required. The City Manager may waive this requirement. An application for a Conditional Use Permit shall be filed with the City and accompanied by the appropriate fee. It shall be the applicant's responsibility to submit a complete application which addresses the review criteria of this section. Depending on the scale of the project, the City may also determine that a simultaneous request for a Design Review permit pursuant to Chapter 16.175 is required. Conditional Use Permit requests shall be subject to the quasi-judicial public notice and public hearing requirements as described in the Application Review section of this chapter.

16.180.010 Review Criteria

A conditional use may be authorized upon adequate demonstration by the applicant that the proposed use satisfies all relevant requirements of this Ordinance and the following general criteria:

C. The parcel is suitable for the proposed use considering its size, shape, location, topography, existence of improvements and natural features;

D. The proposed use will not alter the character of the surrounding area in a manner which substantially limits, impairs or prevents the use of surrounding properties for the permitted uses listed in the underlying zoning district; and

16.180.020 General Requirements

Any conditional use authorized pursuant to this Ordinance shall be subject to the following additional requirements:

A. A conditional use shall be subject to the standards of the zoning district in which it is located except as these standards have been modified in authorizing the conditional use. No modification of a
zoning district standard shall have the effect of rezoning the property.

B. A conditional use may be enlarged or altered pursuant to the following:

1. Major alterations of a conditional use including changes, alterations or deletion of any conditions imposed shall be processed as a new conditional use permit application; and
