Draft 2012-2013 Budget Published

It is budget time again for the City, which operates on a July 1 – June 30 fiscal year.

On March 21 the City published the first draft of the new budget and posted it on the website www.northplains.org.

This year’s budget includes broad narratives explaining the condition of the various City funds and providing goals for programs.

Like many other cities North Plains is addressing the structural issues that have caused costs to escalate in recent years. Overall, the proposed budget reflects General Fund expenses lower than in any of the three previous fiscal years. In total the City will have 9.5 full-time employees after July 1. The City is reevaluating its costs for everything from postage meters and finance software, to employee benefits and building maintenance costs. Every effort is being made to reduce costs without affecting the services used by residents. The proposed budget actually increases funding for reserve officers to add patrols within the community, seeks to expand library hours to meet state standards, restore City mowing of ditches in the summer time, and implement additional community programs including more community events.

Garlic Festival Update

Planning for the 2012 Elephant Garlic Festival has already begun.

This year's event should be as fun as always, featuring music, kids activities and, of course, garlic beer and ice cream. The size of the event will be roughly the same, and more than 15,000 visitors will come to our City.

The event is scheduled for August 10, 11 and 12th at Jessie Mays Park.

This year the Chamber of Commerce is turning over the reigns of the festival to the City. The Chamber plans to continue to support the festival as a sponsor.

Fortunately the same long-time volunteers who have organized the festival in recent years are participating in the transition that is likely to result in the formation of a non-profit organization to operate the annual event. (Similar organizations exist for events like Mt. Angel Oktoberfest and Sisters Rodeo.) The goal of the organization would be raise funds for the North Plains community and scholarships.

This change will allow the Chamber of Commerce to proceed with its plans to encourage more business development in North Plains, and start new community traditions with alternative fund raising events.

New Master Fee Schedule

City Council adopted a new Master Fee Schedule on March 19. This schedule updates most of the City’s fees to reflect the actual cost of services. While some were increased, in many cases fees were also decreased particularly in the area of building and planning.
